

[illegible]

Technical drawing of a mechanical assembly, likely a pump or motor, showing a cross-section. The drawing includes various dimensions and labels.

Dimensions:

- Total width: 4400
- Central shaft diameter: $\varnothing 50$
- Motor housing diameter: 120.00
- Motor housing flange diameter: 120.40
- Motor housing flange thickness: 25.0
- Motor housing flange offset: 120.67
- Motor housing flange offset (inner): 120.80
- Motor housing flange offset (outer): 121.38
- Motor housing flange offset (inner, smaller): 121.58
- Motor housing flange offset (outer, smaller): 121.70
- Motor housing flange offset (inner, smallest): 121.68
- Motor housing flange offset (outer, smallest): 124.40
- Motor housing flange offset (inner, smallest, offset): 122.90
- Motor housing flange offset (outer, smallest, offset): 124.40
- Motor housing flange offset (inner, smallest, offset, offset): 122.90
- Motor housing flange offset (outer, smallest, offset, offset): 124.40

Labels:

- A: Motor housing flange
- B: Motor housing flange
- C: Motor housing flange
- D: Motor housing flange
- E: Motor housing flange
- 1: Motor housing flange
- 2: Motor housing flange
- 3: Motor housing flange
- 4: Motor housing flange
- 5: Motor housing flange
- 6: Motor housing flange
- 7: Motor housing flange
- 8: Motor housing flange
- 9: Motor housing flange
- 10: Motor housing flange
- 11: Motor housing flange
- 12: Motor housing flange
- 13: Motor housing flange

Scale: 500

Figure 1 shows a circular cross-section of a lens with a grid overlay. The grid is 16x16 units. The outer radius is labeled 1600, and the inner radius is labeled 1500. The grid is labeled 1600 and 1500.
